Customer Reviews

I do like this cookbook. And I enjoy reading cookbooks. Eagerly looking forward to trying out these recipes. I would not have figured out these different ways to cook camp food. I especially like the section on "Cooking with a stick". I love the idea of not hauling out all the kitchen gear for every meal. So I have not yet been camping with this book, I will be soon. Will edit my review after my next camping trip.

This was a Christmas present to my son and his family. They love to go camping and I thought this would be a great gift for them and a fun one. As soon as they opened it they were tickled with the book. A big hit..
