After I showed my work to my art teacher she signed me in for art enrichment!! From this book it inspired me. I hope this inspires you to get this book! Keep doing what you love and try your hardest!!!!! ; D

Amit Offrir's techniques are quick and easy to learn, even for a granny who can't draw a decent smiley face. I write little stories and books for the children in my life, nothing amazing, but am glad that I am learning to put in little drawings to go with them. Makes it more fun for me and the children.

I purchased many of these drawing books for my daughters' kindles while they were being offered for free. Each of them are very nice, easy to follow instructions, with plenty of things to draw to help spark their creativity and imagination.

This was a AMAZING book! Really cool. If you like to draw, this is THE book for you! Awesome designs, I can't forget the cute little animals. I would rate it every age. ESPECIALLY if you love to draw.
