The New Americans: A Guide To Immigration Since 1965 (Harvard University Press Reference Library)

Synopsis

Listen to a short interview with Mary Waters Host: Chris Gondek | Producer: Heron & Crane Salsa has replaced ketchup as the most popular condiment. A mosque has been erected around the corner. The local hospital is staffed by Indian doctors and Philippine nurses, and the local grocery store is owned by a Korean family. A single elementary school may include students who speak dozens of different languages at home. This is a snapshot of America at the turn of the twenty-first century. The United States has always been a nation of immigrants, shaped by successive waves of new arrivals. The most recent transformation began when immigration laws and policies changed significantly in 1965, admitting migrants from around the globe in new numbers and with widely varying backgrounds and aspirations. This comprehensive guide, edited and written by an interdisciplinary group of prominent scholars, provides an authoritative account of the most recent surge of immigrants. Twenty thematic essays address such topics as immigration law and policy, refugees, unauthorized migrants, racial and ethnic identity, assimilation, nationalization, economy, politics, religion, education, and family relations. These are followed by comprehensive articles on immigration from the thirty most significant nations or regions of origin. Based on the latest U.S. Census data and the most recent scholarly research, *The New Americans* is an essential reference for students, scholars, and anyone curious about the changing face of America.

An exhaustive new work by more than two dozen American scholars...It's a careful, learned work aimed at educating us all as to who Americans really are these days...For those reporting on, working with or leading this increasingly diverse nation, *The New Americans* will serve as a thorough primer to the nuances, challenges and opportunities at hand. (Robert Behre Charleston Post and Courier)The book is a useful primer; at once a wealth of information and a telling snapshot of current academic opinion on that all-important topic, assimilation. (Tamar Jacoby New York Post 2007-07-08)There is not a weak or disappointing essay in the book...Waters and Ueda have succeeded in their goal of updating *The Harvard Encyclopedia of American Ethnic Groups*. My copy of *The New Americans* now sits next to that venerable old guide, as it should for any scholar of the American immigrant experience. (Peter Kivisto Ethnic and Racial Studies 2008-02-01)

Mary C. Waters is M. E. Zukerman Professor of Sociology at Harvard University.Reed Ueda is Professor of History, Tufts University, and author of *Postwar Immigrant America*.Helen B. Marrow is a Lecturer, Committee on Degrees in Social Studies, Harvard University.

This book provides a whole new perspective when looking at immigration. It is extremely accurate with historical events and it provides a critical look at how's and why's of US-Mexican immigration. I've been reading this book for a few weeks and I cannot put it down, I am so thankful I came across it!
