# Occupational Therapy For Children And Adolescents, 7e (Case Review)

## Synopsis

Focusing on children from infancy to adolescence, *Occupational Therapy for Children and Adolescents*, 7th Edition provides comprehensive, full-color coverage of pediatric conditions and treatment techniques in all settings. Its emphasis on evidence-based practice includes updated references, research notes, and explanations of the evidentiary basis for specific interventions. And coverage of new research and theories, new techniques, and current trends, with additional case studies, keeps you in step with the latest advances in pediatric OT practice. Written by educators Jane Case-Smith and Jane Clifford Oâ™Brien, this text is the Number One book in pediatric OT! Case studies help you apply concepts to actual situations you may encounter in practice. Research Notes boxes and evidence-based summary tables help you interpret evidence and strengthen your clinical decision-making skills. Learning resources on EvolveÂ include video clips, review activities, and additional case studies. Learning objectives indicate what you will be learning in each chapter and serve as checkpoints in studying for examinations. A glossary makes it easy to look up key terms. NEW video clips and case studies on the EvolveÂ website demonstrate important concepts and rehabilitation techniques. NEW Autism Spectrum Disorder chapter contains important information for OTs not addressed in other texts. NEW Neuromotor: Cerebral Palsy chapter addresses the most prevalent cause of motor dysfunction in children. NEW Adolescent Development chapter helps you manage the special needs of teenagers and young adults. NEW contemporary design includes full-color photos and illustrations. UPDATED content and references ensure you have access to the comprehensive, research-based information that will guide you in making optimal decisions in practice.

## Customer Reviews

REally good book for children not so much for adolescents that I could see. Our professor told us that they use this text to write the certification exam and recommended that we keep it to study for that.

Great product ... Great price!!

I got this book and just so you know, as i was reading this book tonighy for my assignment, i ran into pages 234 to 250. I just want any penalty for making this book ugly. I dont want to be assessed in returning it in less acceptable condition.

Good condition and arrived as indicated

The text is a little jumbled and flow is not consistent with content. This is a required textbook for school.

Great condition!

Great book for an OT student

Nice book as a reference .
