## Customer Reviews

The NATIONAL KITCHEN & BATH ASSOCIATION is the only nonprofit trade association dedicated exclusively to the kitchen and bath industry and is the leading source of information and education for professionals in the field. With more than 50,000 members, it has provided valuable resources

for industry professionals, students, and consumers for more than fifty years.

Had to buy this book for school, but it was great and very helpful.

There is a lot of information, good information if you are planning a kitchen remodel. I decided to spend the money on this book because the cost of this book dwarfs the cost of the remodel so it makes sense to get as much information as possible before spending \$\$\$ on the kitchen.

Exactly as advertised

exactly as promised

The one minus to this edition is that it no longer comes with the data CD. Other than that it is great!

Book was very helpful in class!!

Very satisfied.

Great resource
