Customer Reviews

I am going to tell all of my friends how great this book is I will tell them to read this book

The ending came up so quickly on me I was dumbfounded. We, too, are entertained by balloons and singing the song happy birthday. This scintillating tale lead me to believe in the end, you will

only be disappointed by humans. Cannot wait for the next installment.

I give it four stars because it just randomly ended. should have made it longer or write a book two.
but it is still a good story

I just don't know why it randomly ends. I just do not know. It is a good book though. It is OK.
