Minimalist Budget : Practical Ways To Save Money, Spend Less, Save Time And Declutter Your Life To Live More Practical, Well Balanced And Non-Materialistic ... Mindset, Budget Planning Book 1)

Synopsis

Learn to Create a Minimalist Budget to stay ahead of your expenses, simplify and live a Peaceful Life! In the current economy, saving money seems like an absolute nightmare, but this book is about to teach you how to do more than just save money. This book is going to teach you how to create a fool-proof minimalist budget that will stabilize your financial life, as well as your physical, mental, and emotional ones. No longer will you have to worry about whether or not you have enough money for bills, emergencies, and a little fun now and again. But this book isn't just about getting your finances under control; it's about lessening the stress you feel on a daily basis when you worry about what will come next week. Once you're able to destress about your bank accounts, you can start focusing on other aspects of your life. Here's a preview of what you'll learn from this book...

Why you should start living with a minimalist budget
How to curb your income to meet your budget, and how to take stock of the income you have
What expenses are needs and which ones are wants, and how to lessen your expenses
How a minimalist budget helps you save money
And how to avoid overspending when you're on a budget.

Just a small investment in this book will gain you a future without stress, free from worry, and focused on your life goals. Think about it. Without having to worry about your finances, you'll be free to spend more time with your family and friends, focus on your career, and discover the passions you've been missing in life! Are you ready to begin living life to its fullest without having to spend every penny you earn? Then it's time you started learning how to budget the minimalist way. Get started with this book, and you'll be saving in no time! Today only, get this bestseller for just \$0.99. Regularly priced at \$4.99. Good things don't wait for long so.. Download Today!

Customer Reviews

This book is like a small handy pocket guide, brief yet really useful and concentrated on what are most important. Not only there are clear explanations on each concept like how we save and spend (like a minimalist), the book also provides us with applicable tips and tricks. Considering how much those tips would actually help us in daily life I wouldn't say it's too short but rather just enough to make changes to our spending habit, little expense, much more benefit

This is a great short read explaining how you can live on a small budget and shows you don't have to spend too much money to live an enjoyable life. It gives you practical ways to live and budget your money so you can maximize your profit at the end of the month. A great and educational read.

I like how the author laid down the basic approach to minimalist budget. It is simple, buy only what you need. If it is not a need, don't buy it. I agree with the 50/30/20 rule. Overall, this is a short but informational book about budgeting and saving.

This book is very practical. This book allows me to save money by getting rid of the things that are too expensive and not useful to me. This book gives me ideas on how to budget my income and change my priorities. This is just a short book but worth it!

This book has given me things to think about. I thought my budget was ironclad but every so often, I would have to spend outside of my budget to make things meet. After reading this book I found out that what I was missing is budgeting money to splurge too! It makes so much sense to budget that like we budget everything else. Great practical advice.

Very informative. Really gets you to change your perspective on money and the way you value things. My mind is open to conscious spending and I will definitely try to save more and more.
