Birthdaygift for a big fan of the movie. He was delighted with it.

My family really enjoyed this xenomorph coloring book - highly recommend!

actually surprisingly adult quality drawings!

Nice, thick paper is used in this coloring book. The art was amazing!

Nice condition and this is a great book!

Great illustrations from first four Alien movies. I would prefer higher quality paper & not having pictures on both sides of the page. Still, there’s a lot of fun to be had here.

Awesome coloring book from one of my favorite movies. Very detailed pictures and I can’t wait until I show this movie to my son so we can color in the book!!

loved it
