Purchased for my 6 year old grandson. My sons loved Matt Christopher books when they were young so I figured my grandson (who is sports crazy) would love them as well. He really enjoyed these books.

My 7 year old grandson loves to play baseball. He's in the first grade and had no problem reading this book. He loves these books written by Matt Christopher. The author is able to write to the reading level of young kids which keeps them interested in the book. My grandson did not have any problems retaining what he read and is very excited to read every night before bed. Highly recommend the books written by Matt Christopher.

My son has struggled with reading for awhile, we were searching for something he would pay attention to and focus on. He loves this books and I'm so glad we bought them! He looks forward to his half hour reading time and actually can remember the story! It's awesome. I like that it easy for him to read and understand. Great series for 7-12 year old boys!!

great for teaching baseball terms. My 10 year old was reading it without prompting and he (very unlike his sister) is not the type of kid to read for pleasure.

My 7 year old loves to read and loves sports so this was the perfect combination for him. He read this book quickly and really enjoyed it!

Got this for my grandson, and he liked it. He had heard of the author. He liked the characters, the story and the fact that it related to real life. Kids have trouble relating in real life, and a good story to help them cope is always special. Highly recommended.

Thank you! This is a great chapter book related to sports. My kiddos are so eager to read chapter books and they are into sports; so these books are a perfect fit!

Purchased this book for my grandson, think he enjoyed the book.
