Yao & Artusio's Anesthesiology: Problem-Oriented Patient Management

Synopsis

This bestselling text remains the study and review reference of choice for both residents and practicing anesthesiologists. Â Ideal for orals and continuing education preparation, Yao & Artusio's Anesthesiology, 8th Edition, uses a practical question-and-answer format to present more than 60 real-world cases, guiding you logically through the process of identifying effective options for patient care. Discussion of each case follows the questions, helping you understand the key knowledge needed for today's surgical anesthesia and individualized patient management.

Key Features

- Real-world cases cover the most critical anesthetic problems and incorporate questions commonly encountered on the wards, making this text excellent preparation for orals.
- Each chapter begins with a brief case presentation, followed by essential questions on medical disease and differential diagnosis, preoperative evaluation and preparation, intraoperative management, and postoperative management.
- Case discussion sections include updated references for further study and clarification.
- New chapters cover Ventricular Assist Devices, Tonsillectomy and Adenoidectomy Mechanical Circulatory support and bleeding tonsils.

Problem-based approach emphasizes critical thinking, collaborative decision making, and problem-solving skills. Experts from Weill Cornell Medical College- New York Presbyterian Hospital and other renowned institutions contribute their knowledge and expertise to this 8th Edition. Now with the print edition, enjoy the bundled interactive eBook edition, which can be downloaded to your tablet and smartphone or accessed online and includes features like:

- Complete content with enhanced navigation
- Powerful search tools and smart navigation cross-links that pull results from content in the book, your notes, and even the web
- Cross-linked pages, references, and more for easy navigation
- Highlighting tool for easier reference of key content throughout the text
- Ability to take and share notes with friends and colleagues
- Quick reference tabbing to save your favorite content for future use

Customer Reviews

Great book. Goes way more in depth than standard Morgan and Mikhail and review books. I love the format. Very good for oral boards but for studying in general.

EXCELLENT BOOK! Highly recommend anyone in anesthesia both residents and attendings. Great for oral boards

Excellent

Consistently a comprehensive source

Trully amazing!!!

Very nice book, help me a lot during my first year of residence

I like the format of question and answer.

Great Book!
