Customer Reviews

This is great for my projects. Lots of paper. However, I found it is not quite square so for some things, it needs to be trimmed just a little on one side to square it up.

Beautiful paper, came in two days, great price, came in a nice book so the papers don't get crinkled or lost. Will buy again when I need more.

My daughter loves all the pretty patterns.

Nice patterns printed on standard origami paper. Very good for the price. If you are looking for rice paper, pay a bit more, and buy one of the true Japanese rice paper packs.

I think the paper is beautiful. Only issue was getting it out of the book without tearing it.

Very neat..

Great kami paper well made, nice colors and patterns, will buy again. ÅfÅ Å Å, ÄœÄ Å•

It's a coloring book. Half the pages are black and white so you can "color them yourself!". It is just regular weight paper and even the colored prints are dull. You'd be better off printing origami paper with a laser printer on copy paper, the paper would be the same and the print quality would be better. I'm a little nuts, my crazy causes me to amass huge quantities of paper for my origami addiction and fold teabags in restaurants, I'm not usually picky about my paper, I just like to fold...but this garbage seriously offended me. If you want an ugly, overpriced coloring book with multiple copies of the same page to color and half the pages colored in badly in advance, this is the product for you! If you're actually looking for origami paper and think "hey, it's cheap, I'll give it a try" you will be very sad.
