I mainly got this book for fun, I don't play piano for anyone anymore. Mainly just for myself and my mom. I took piano for six years when I was younger and the skill levels in this is exactly what I wanted/needed. Some of it is over my head a little bit, but I can still play with it and figure out something a bit more simple to play. Plus I love that it has all the words of every song, even though a couple of them don't have the notes.

Exactly what I needed. In great shape.

great book . it has both the lyrics and the piano notes so even without a piano I can sing the tune. My cat mimi loves to sing along with me. G A classic for all ages. Nothing beats a book to

I bought a used product in very good condition. I am quite pleased and lucky to get it at a great price.

Very good.All numbers of the musical are here.

Thanks for the Memories!! The most imaginative Broadway Shows ever staged.

Get my cat out of Ivankas hair.

Let me tell you a personal story: I had a musical audition; my song of choice was 'Grizabella The Glamour Cat'. The unexpected pleasure of being able to procure this song in its entirety was balm to my heart (I would then be free to sing something that I was confident about, and not something that might be insipid). After procuring the book by the expensive Saturday delivery, which evil I found necessary, I was dismayed to find the beginning of the song, crucial to my performance, DELIBERATELY omitted from this edition which touts, as bold as brass, Complete music from the musical in question. And, by the by, that isn't all that this edition has unceremoniously hacked off the score, it's just the one that hurt me the most. In actuality the score is riddled with omissions, which makes the prospect of buying it rather akin to the thought of buying a cake with several slices missing: It's great, if you want a fraction of a cake.
