Synopsis

Trident Security operative, Jake Donovan, has been a member of the BDSM lifestyle since his teenage years. Starting as a submissive, he eventually became a Dom, but a brutal incident, years ago, changed Jake’s life forever. Unable to shake the ghosts of his past, he’s avoided giving his heart to anyone for sixteen years. Until Nick.Navy SEAL, Nick Sawyer, knew it was probably a bad idea to get involved with his brothers’ friend and employee, but there was something about Jake that drew him in. While his brothers also owned a private BDSM club, The Covenant, Nick never understood what attracted people to the lifestyle. He had nothing against it, but it just wasn’t for him. Until Jake.An old missing person’s case has Jake running to rescue a teenage girl and Nick volunteers to watch his back. But when things go awry, Jake must confront his past, before he can ever think about a future...one that, hopefully, includes Nick.18+ Adult Content.The Trident Security Series:Book 1 - Leather & Lace (Devon & Kristen)Book 2 - His Angel (Ian & Angie)Book 3 - Waiting For Him (Boomer & Kat)Book 3.5 - Not Negotiable: A Novella (Parker & Shelby)Book 4 - Topping the Alpha (Jake & Nick)Book 5 - Watching From the Shadows (Marco & Harper)Book 5.5 - Whiskey Tribute: A Novella (Curt & Dana)Book 6 - Tickle His Fancy (Brody & Fancy)Book 7 - Absolving His Sins (Carter & Jordyn)Book 7.5 - Option Number Three (Mitch, Tyler, & Tori)The books of the Trident Security Series can be read as stand-alones, however, for optimum enjoyment they are best read in order.

Customer Reviews

I spent a good portion of this book with a fan and a tall glass of ice water. Jake and Nick are hot. I will state upfront that this book is not for everyone. It is an m/m novel but it is very well written, tastefully done, hotter than Hades, and is in direct line with the other books in this series. Jake has a lot of obstacles including his family and his past although they all know he is gay, he doesnÃ¢Â Â™t realize the hold the past has on him or how it affected others. He has to come to terms with the past. Nick is the baby brother of the owners of Trident and still active duty living on the opposite coast. Jake is helping a teenager he had helped before and Nick is watching his back. I recommend this book to anyone longing for an adventure and action packed read with lots of hot men.

I just can’t get enough of this series. I loved Jake and Nick together, they were so hot. They fought so hard to be together, no matter what got in their way. I’m so glad that everyone who is important to them, were happy for them. I’m always glad to see the Trident men involved with another mystery. Once again they helped a young person make piece with a terrible situation she found herself in. Can’t wait to read what is next.

I have read all of the books in the Trident Men Series. I love Samantha’s writing.. Her alphas are strong Doms but so loving. I was a little hesitant about reading Topping the Alpha. I have never read M/M romance but I so love the characters I had to know what the story would reveal about all of the characters. Jake doesn’t believe he will ever be ready for a relationship but he can’t seem to get Ian and Devon’s youngest brother Nick out of his mind. He doesn’t want to risk his relationship with his SEAL brothers and thinks it would be best to avoid Nick. Nick although has other ideas. I liked the fact that although Nick may be a submissive he is not a pushover. He is a strong male figure and I like how the story showed that side of him. Can’t wait to see what is next in the series for the Trident Men.

I am not a huge fan of M/M books and have probably only read about three which includes this one. The reason I will read any M/M book again is because of this author. She made a previously non-favorite genre readable. I love all the Trident guys and the fact that a person’s sexual

orientation does not affect how they treat one another is something that the rest of the world should try and emulate. Will it ever be my favorite genre, probably not but if Samantha Cole write another story you can bet I will not hesitate to one-click. I loved her story about Nick and Jake and couldn't wait to find out if they got their HEA but you will need to read this book to find out that answer.

Throw in abuse, murder, BDSM, intrigue, SEALS, M/M and you've got such a great story you will not stop reading until final page! Never read a m/m book? Then this is a good one to start also explains BDSM, topping and bottoming and so much more. Loved it. This is a great series!

Awesome!! I love this book! It is a great love story!!

There are only a handful of authors that write MM that I will read. I will be adding Samantha A. Cole to this list. Nike and Jake are just perfect for each other, if they would just figure it out. This story is very well written and I just fell in love with the characters!! I really hope at some point, she writes another MM book.

This is one hot story - Jake and Nick are hot together didn't see this one coming but what a match. Can't wait for the next story in this series.
