# Draw 100 Things To Make You Happy: Step-by-Step Drawings To Nourish Your Creative Self

## Synopsis

What makes you happy? Whatever it is, draw it, with the help of Christopher Hart, the world's top-selling author of art instruction books! Whether it's an adorable pet, the trip of a lifetime, or an everyday moment to savor (like your morning cup of coffee or buying a cute pair of shoes), this book celebrates the many things that make you happy and helps you turn them into fun-filled drawings. An enlightening introduction explains how to create the illustrations and make them come alive: how to use color, change poses, personalize the drawings, add shading, and more.

A great book; I gave it to my colleagues daughter for her 9th birthday and was told it was the perfect gift who loves to draw "what kid does not like to draw? Drawing is a relaxing, creative and creative time passing activity that makes us happy. What a better idea than to draw happy scenes to makes us even happier. The book has a wide range of ideas for happy moments scenes, all with simple step by step instructions. One can easily expand on the scenes and the only limit is one's own imagination. A wonderful book that will keep children occupied while having fun

and developing both their imagination and their drawing skills. I strongly recommend this book.

I haven't even purchased this book but yet I love it. I am new to Christopher Hart. I have viewed several of his YouTube videos and several of his books here on . I was waiting for a kindle version of one of his books so that I could read it on my iPad. However, as far as I know there are none yet. But I gave in and decided to purchase his book titled, "Figure It Out! Drawing Essential Poses," The Beginner's Guide to the Natural-Looking Figure. The book is about 8 1/2 by 11 inches and about 143 pages. I love it - And now I want this one. I hope that Mr. Hart will eventually consider creating a kindle version even though the physical versions are beautiful. Wonderful job Mr. Hart - You've got mine!

This book gives artist inspiration in drawing the things that make them happy. I recommend this book to anyone that want to learn how to draw everyday things like cooking a delicious meal, going on a trip, playing instruments and more. This book give artist from any level to sharpen their creative self and that what Christopher Hart did.

Recieved package as I started my walk with my Dog, Chewbacca. I had it under my arm and was headed to a Bench to sit down and do some Plein air sketching and reading with this book. I never got to do it. As so many, Gentleman, tried to get it away from me. I do not know what the problem is that Men do not want Women to have a Cartoon Book. This has also happened with some of my other - Instruction books involving Representational drawing. Obviously, this is a wanted book in the Cartooning World and Christopher Hart is at the Top of the Must Have Instructional Books. I am now safely, inside going through My Christopher Hart book. Pens, pencils and sketch book at the ready and Left page is the Journal part of my Sketch Book to take down all thoughts, etcetera. It was great working with Yankee Clipper at .com.
