This book was years in the making. Sandra has a keen insight into our modern women's world. We as women need to have a friend like Sandra and a family of sisters like the Amasssing Ladies. We all need to discover our true calling, to live a life where our Passion becomes our Purpose. Sandra shares that it is all within us. All of us have it, she shares very generously, the importance of gratitude, practical ideas of using laser focus, time management for gaining productivity, the power of community, etc. I don't believe anyone reading this 100 ways to discover your true calling will be disappointed. I read ahead to see what it was all about and I wasn't disappointed, in fact, I couldn't put it down. So many ideas to get started on immediately. No need to wait to implement. The idea

you miss today, could set you back six or twelve months. Don't let that happen to you. Make the connection NOW with Sandra and 'Amazing YOU! TODAY!!!

This book by Sandra is awesome. Practical advise that you can put to work. You might have to stretch yourself a bit. Good gift for your loved ones. Strongly recommend take good notes and go to work.

Build a foundation of confidence and you've got the keys to the kingdom. As a midlife woman's fitness and weight loss coach and fitness business consultant I know this is a key to success. If your foundation is solid you can make mistakes, fail and fall forward, move into the unknown and not have all the answers and be OK with that. Empower yourself and read this!

From the moment I started to read it, the book captivated me. The author began with the encouragement to celebrate. Yes, I'm doing OK, I'm having the right direction, I'm proud of myself. Always good to hear, as a woman. The book covers 7 areas of life, to follow in 100 days. Each day includes a theme with an eventual call to action. The action to de-commit from the things I really shouldn't be doing at all, was a good reminder. I loved the book very much and I will reread it for sure.

What a great read! It was a pleasure to pick up some new tips for engaging in the world with more self-confidence. I love Sandra's enthusiasm and "you go girl" enthusiasm. Made me want to go out and kick some a\*\*! LOL! Seriously, though, building self-esteem is a life-long journey, in my experience, and Sandra offers real, practical tools for doing so.

Sandra is such an amazing and empowering force of nature. Her leadership style is sprinkled with such deep love, kindness and a good kick in the butt to get you moving, stop procrastinating and leave behind your excuses, to fully embrace your dreams. This book is a journey where you are taken by the hand, you'll feel loved, nurtured and supported in achieving what you truly want and mostly, by the end of the 100 days, you'll feel worthy and that you truly deserve it. Must read if you are a woman with high dreams and just need a little push, that little stretch that'll make all the difference in your life.

Very amassing book. Sandra has a way with words and getting across her point. Very uplifting

reading. Recommend highly for anyone wanting to feel better about themselves.

Sandra's writing style is terrific! I got so much out of this book and look forward to her next book. Thank you for genuinely caring about women Sandra.
