Gene Shepherd is well known in the rug hooking world as a teacher, blogger, designer, and author. He is director of Cambria Pines Rug Camp and is a frequent contributor to Rug Hooking magazine. He teaches and blogs from his home studio in Anaheim, California.

Another great book by Gene Shepard for all the rug hookers out there. Gene does a wonderful job with instructions, pictures and is a fountain of knowledge on the subject. A must for the rug hooker's

library!If you are a Gene Shepard fan this book is a must.

I want to make some projects to take to a nearby flea market that is located in the NC Mountains. I thought some 3D effect would add a nice touch. I have to say I'm not the easiest learner from reading instructions, I'm more of a hands on by watching someone. Well this book does both, you read the step and look at the picture and BAM there is what you want yours to look like. Thanks Gene for making this new adventure a little easier. Great book with lots of nice pictures of his work and others.
