This book is worth its value! It saved me from listening to my husband complain. He had a bad cold he just couldn't seem to get rid of, so I made him the ginger tea. He was really resistant about drinking it. He was worried about the spiciness and whether it would sting his throat. I added an extra bit of honey and a slice of lemon. He eventually drank it and he said his chest feels less tight. I think that's a good thing, because he stopped complaining.

My husband eats like a child. Often times will go buy pizza or make a TV dinner. He likes to eat a lot of carbs and meats but I find it really hard to make him eat more fruits and vegetables. Lately I have been substituting his soda for a Mango Milkshake, he has surprisingly taken to it. He says it tastes like a creamsicle and reminds him of dessert.

The Blackberry and Orange Juice tastes out of this world. It basically tastes like a mocktail. I was really worried about how tart this recipe would be, but the honey neutralized how sour it was. I recommend adding Blackberry Honey to bring out the Blackberry taste even more.

Very good. My sister recently had gastric bypass surgery and needed to be on a liquid diet for while. I bought this to help change things up so she wouldn't get bored and to keep her spirits up. It helped :)

I love the pictures in the book. It really inspires me to make the recipes because they are so bold and beautiful. The fruits look so fresh and in season. I can't wait to try all the recipes!

Lemon on and Mint Juice is very refreshing on a hot summer day. I would skip the black pepper though. I didn't like the taste of that in the recipe. Add some tonic water and make it bubbly!

There are both the normal and not normal recipes in here. Some of the ones takes you by surprise because it tastes so much better than it sounds.

There's a lot more than just smoothies and juices in here. There's also teas, detox teas and infused waters.
