Customer Reviews

My 2 1/2 daughter absolutely loves Caillou. The story lines of these books are just like the TV show. She insists we read these every day and I am happy to oblige because she isn't watching TV, but she is still enjoying Caillou. That being said, one book in particular has caused us some problems. The book titled "What's That Funny Noise". If you have a child like mine with a very intense imagination, this may cause a sleep problem like it did for us. In the book, Caillou keeps hearing a noise and calls out for his Mommy and then his Daddy and then they both have to come to his room

to investigate the noise. The noise turns out to be the cat, Gilbert, hiding under the bed in a paper bag. Well that's all fine and my daughter knows it is just Gilbert, but now she has been calling out for Mommy and Daddy in the middle of the night and has trouble going back to sleep. She talks about the book all the time and pretends we are "scary, scratchy monsters". I even tried hiding the book, but she keeps asking for it. Anyway, had I known this was in there ahead of time, I would have taken that book out of the pack and hid it away. All the other books in this box are wonderful.

And these books are perfect for him. Since my two year old thinks that Caillou is the best thing since jumbo meatballs, I ordered this set for him as a Christmas gift. It comes with six books- Dress Up With Daddy, What's that Funny Noise?, Caillou and Gilbert, Caillou Sleeps Over, The Circus Parade, and Caillou Goes To Work. It comes in a little plastic/cardboard carrying case with a Velcro enclosure. He loves taking the books out and putting them back in and so far it has held up well to that kind of treatment. The stories are interesting and not too long. This particular Caillou is the one drawn from the tv show, as opposed to the original Caillou storybooks. My son does not care which Caillou is used, but I know some kids are particular. This is a great deal for six books! I ordered the other boxed set as well. Highly recommend if you have a little one who is addicted as well!

This is the series that has the same kind of illustration from the Television series. I think the publication date should read April 2011 like the Caillou My Storytime Box. Shipper came a day earlier than expected, (arrived perfect on Valentine's Day). My daughter absolutely loves Caillou, and although she can't read yet, she will sit and pretend to read, remembering the same stories from the tv show, and narrate it herself.

Purchased this set for my niece. There isn't a night she goes to sleep that she doesn't get read a book from this set, she absolutely loves it. The pictures are very colorful and the books are just like the episodes from the TV show.

Bought these for my 3 year old daughter and she loves to read them every night before we go to bed.

Cute stories and easy to read for beginners

Granddaughter loves these

don't be fooled by this!
